

# Sometimes Love

Patti LaBelle

When you love someone like you do  
Ain't no in between, not for you  
Give him everything that you've got  
Love him all the way or not  
When you love someone and it hurts  
You've done everything to make it work  
Sometimes everything's not enough  
Maybe he's just not the one

Sometimes love walks away  
Sometimes love has to change  
Sometimes the heart has to break  
But you're not the only one  
Sometimes love's not the way  
That you thought it would be  
Sometimes you just got to leave  
But you're not the only one

When you love someone it's natural  
To have second thoughts, should you go?  
It's not easy girl, bein' strong  
You keep wondering if you're wrong  
But don't fall for it's game  
I'm telling you girl, you're not to blame  
You protect your heart, ain't no shame  
If you just walk away

Sometimes love walks away  
Sometimes love has to change  
Sometimes the heart has to break  
But you're not the only one  
Sometimes love's not the way  
That you thought it would be  
Sometimes you just got to leave  
But you're not the only one

I know you, 'cause I've been just like you  
Oh, if there's something that break  
It's only seconds away  
I know you, for I've been loved just like you  
Look inside yourself  
You'll find [Incomprehensible] deep inside you  
To just walk away

Sometimes love walks away  
Sometimes love has to change  
Sometimes the heart has to break  
But you're not the only one  
Sometimes love's not the way  
That you thought it would be  
Sometimes you just got to leave  
But you're not the only one

Sometimes love walks away  
Sometimes love has to change  
Sometimes the heart has to break  
But you're not the only one

Sometimes love's not the way  
That you thought it would be
