

The Right Kinda Lover

Patti LaBelle

A real man, strong but tender,
Baby that's the kind a man I need
To his love I will surrender
'cause he'll keep his mind on pleasing me

He's the right kind a lover,
I'll never need another,
sure 'nuff
he's got the stuff,
he's the right kind a lover for me.

An interesting conversation
every once in a while
Always prompt and attentive
'cause my darlin' knows that that is my style

He's the right kind a lover,
I'll never need another,
sure 'nuff
he's got the stuff,
he's the right kind a lover for me.

Ev'ry night when I get down on my knees to pray
I thank the Lord for sending Mister right my way.
This kind of love had to come from heaven down,
I ain't never gonna let him go because I need this kind a man a
round

He's the right kind a lover,
I'll never need another,
sure 'nuff
he's got the stuff,
he's the right kind a lover for me.
