

# When You Love Somebody (I'm Saving My Love For You)

Patti LaBelle

My love waits for you  
There's nothing I can do  
So I'm holding back  
Afraid when I can't save it all  
This love I know

I'm saving it, you've got to keep  
I'm saving it, your love to me  
A sentimental love tonight to me  
Every time it is when you love somebody

No tears, no signs  
Only makes it so much harder to go on  
Just take good care  
And remember when you're feeling all alone

You'll be with me in my heart  
And always on my mind  
The only thing that keeps us apart is time

When you love somebody  
Who makes you feel so glad  
When you need somebody  
You need your love just as bad

It's time for a promise  
Never to be untrue  
Until we're together  
I'm saving my love for you

When we're, our two  
And I felt that I've known you for so long  
One thing, I knew  
It was lovin' that would last on and on

Even with the best of plans  
The world gets in the way  
Don't be downhearted  
I'll soon be back to stay

When you love somebody  
Who makes you feel so glad  
When you need somebody  
You need your love just as bad

It's time for a promise  
Never to be untrue  
Until we're together

And I would be a fool to throw away my chances  
The best shot that I ever had

And all that we could have  
One of those romances  
That's warmer with the good times  
And grows stronger with the bad

Ooh Lord, I'm saving it  
Yeah, yeah, yeah, yeah

When you love somebody  
Who makes you feel so glad  
When you need somebody  
You need your love just as bad

It's time for a promise  
Never to be untrue  
Until we're together  
Oh, I'm saving it

Ooh baby, I'm saving it  
Yes, that's all I wanna do, just save it  
All I wanna do, sweet thing, is save it

Saving it, ooh baby, boy, I'm saving it  
Only thing I want to do is save it  
Sweet, sweet baby, I'm saving it  
Saving my love
