

Every Time (I Feel His Spirit)

Patti Page

Every time I
Feel his spirit
It will move my heart
And I'll pray
Every time I
Feel his spirit
It will move my heart
And I'll pray

About a mountain
About true love
Up on this mountain
With the sky above

Looked all around me
It looked so fine
And he was with me
'Til the end of time

He'll walk beside me
And hold my hand
And show me the right way
To the promised land

There ain't but one train
That runs a track
It runs to heaven
And it runs right back

It will move my heart
And I'll pray
It will move my heart
And I'll pray
