Patti Page

Hi-lee Hi-lo Hi-lup up - up  
Hi-lee Hi-lo Hi-left  
Hi-lee Hi-lo Hi-lup up - up  
Hi-lee Hi-lo Hi-left

Oh, I was left (left)  
Right (right)  
Out of your arms  
Oh, I was left (left)  
Right (right)  
Out of your charms  
My heart said yes  
Right (right)  
Right from the start  
Now I am left, right  
(Right, left)  
Out of your heart

Oh, you were such a cute Marine  
I really was impressed  
You said of all the girls you knew  
That you liked me the best  
I gave you all my kisses  
Surrendered all my charms  
But time revealed, you played the field  
And I was...left...

Oh, I was left (left)  
Right (right)  
Out of your arms  
Oh, I was left (left)  
Right (right)  
Out of your charms  
My heart said yes  
Right (right)  
Right from the start  
Now I am left, right  
(Right, left)  
Out of your heart

You said you'd look me up, up, up  
When you got back to town  
But when you hit the city  
All you did was look around  
I caught you with a red-head  
And, baby, tho' you said  
You're merely warmin'up for me  
I figure I was...left...

Oh, I was left (left)  
Right (right)  
Out of your arms  
Oh, I was left (left)  
Right (right)  
Out of your charms  
My heart said yes  
Right (right)

Right from the start  
Now I am left, right  
(Right, left)  
Out of your heart

You called me on the telephone  
And said: "Suzie dear  
You're bein' mighty silly  
in believin' all you hear  
You know I love you only  
So Suzie save your breath"  
But, since my name is Cindy Lou  
I know that I was...left...

Oh, I was left (left)  
Right (right)  
Out of your arms  
Oh, I was left (left)  
Right (right)  
Out of your charms  
My heart said yes  
Right (right)  
Right from the start  
Now I am left, right  
(Right, left)  
Out of your heart
