

# Gone Pie

Patti Smith

Hey there  
Come and take a walk with me  
Stroll into infinity  
We'll stroll along  
Until the dawn is gone  
Midnight take it to the twilight  
Just a little slice of light  
Let's turn it off and on off and on

Strolling ain't it wonderful  
Into a light that lingers  
On and on, on and on

Strolling ain't it wonderful  
Stars fall for we two  
Bathed in a light of our own

Oh life  
Much too great to sacrifice  
Come and have another slice  
Ah life goes on and on  
Oh life  
May you live a long life  
May you live a long life  
May you live a long life
