

# Waiting Underground

Patti Smith

If you believe  
All your hope is gone  
Down the drain  
Of your humankind  
The time has arrived  
You'll be waitin' here as I was  
In a snow white shroud  
Waitin' underground

There by the ridge  
Be a gathering beneath the pilgrim moon  
Where we shall await  
The beat of your feet  
Hammering the earth  
Where the great ones tremble  
In their snow white shrouds  
Waitin' underground

If you seek the kingdom come, come along  
Waitin' by the ridge  
There'll be a gatherin'  
Beneath the pilgrim moon  
Where the railroad thunders

Oh, where we shall await  
The beat of your feet  
Hammering the earth  
And as the earth resounds  
Where the great ones tremble  
And your humankind becomes as one  
And then we will arise  
In our snow white shrouds  
Ohh, when we'll be as one  
Ohh, but until that day  
Ohh, we will just await  
In our snow white shrouds  
Waitin' underground  
In our snow white shrouds  
Waitin' underground  
Waitin' underground  
Waitin' underground  
...
