

Falling Down

Patty Griffin

Falling down
I'm falling down
I need to sleep
Come a long, long way
No time for weepin'
No time for weepin'
Quiet now, I'm falling down
I'm falling down

I have heard
A million tales
I have told
A million more
Some of them
Must have been true
But I don't know anymore
I'm falling down

So do your dance on my head
Every step's
Sverything this stone surrounds'
Falling, falling, falling, falling
Falling, falling down
I'm falling down
