

Highway Song

Patty Griffin

Stars fall out
Of the sky, my love
One by one
As the years go by

And one by one
All the ghosts in the night
Whisper my name
And fly away

I don't wait for their return
I don't wait for their return

Across the miles
A golden flood
Reaching far
Into the night

In the dust of every
Highway song
I whisper your name
And fly away

I will wait for your return
I will wait for your return

I will wait for your return
I will wait for your return
