

# Highway Song

Patty Griffin

Stars fall out  
Of the sky, my love  
One by one  
As the years go by

And one by one  
All the ghosts in the night  
Whisper my name  
And fly away

I don't wait for their return  
I don't wait for their return

Across the miles  
A golden flood  
Reaching far  
Into the night

In the dust of every  
Highway song  
I whisper your name  
And fly away

I will wait for your return  
I will wait for your return

I will wait for your return  
I will wait for your return
