

# Can't Stop Myself From Loving You

Patty Loveless

Raindrops fall from the sky  
Teardrops fall from my eyes  
Can't stop myself from loving you  
Your heartaches found a home  
I walk these streets alone  
Can't stop myself from loving you

I know I shouldn't waste my time  
In dreams of yesterday  
But your memory's all that  
I have left  
Since you've gone away  
No matter what I do  
My heart stays cold and blue  
Can't stop myself from loving you

They say that time  
Can heal a lonely heart  
That's broke in two  
But time ran out on me the day  
You walked out of my world

So let the teardrops fall  
The rain will hide them all  
Can't stop myself from loving you  
Can't stop myself from loving you
