

## Color of the Blues

Patty Loveless

Up above me are the skies  
Like the twinkle in your eyes  
These things are the color of the blues

In the mail your letter came  
The ink and paper looked the same  
Blue must be the color of the blues

Bluebird's sittin' in the tree  
Seems to sympathize with me  
For he's not singin' like he used to do

The pretty waters in the sea  
Feel as cold as when you left me  
Yes, blue must be the color of the blues

There's a rainbow overhead  
With more blue than gold or red  
Blue must be the color angels choose

And the blue look that you wore  
When you left to return no more  
Blue must be the color of the blues

Blue days come and blue days go  
How I feel nobody knows  
Life is mighty empty without you

There's a blue note in each song  
That I sing since you've been gone  
Blue must be the color of the blues  
Yes, blue must be the color of the blues
