## Love Me Warm and Tender

Paul Anka

Love me warm and tender, dear Love me warm like the glow of the morning sun Love me warm and tender, dear Love me so just as though I'm the o-o-o-onl-y-y one

Kiss me warm and tender, dear Kiss me strong, kiss me long 'til the end of time Kiss me warm and tender, dear Let me know, tell me so 'til the end of time

I'm in heaven in-a your embrace See the glow of your angel face Heaven sings, heaven rings, on your wings we will fly away We will fly, you and I, to the sky where we'll always stay

Love me warm and tender, dear Take my lips, take my arms, they belong to you Love me warm and tender, dear I'm a part of your heart for my whole life through

Love me warm and tender, dear Love me warm like the glow of the morning sun Love me warm and tender, dear

Love me so just as though I'm the o-o-o-onl-y-y one
