

Something Happened

Paul Anka

Something happened to this heart of mind
When I saw you standing in the sun
Something happened and I can't define
How I knew you were the one

The world stood still
While my head went sprinkling round
I always will
Thank the lord more what I found

Something happened then my prays were her
Now I'm walking in the sun with you
Something happened and without a word
I was sure you love me too

The world stood still
While my head went sprinkling round
I always will
Thank the lord more what I found

Something happened then my prays were her
Now I'm walking in the sun with you
Something happened and without a word
I was sure you love me too
I was sure you love me too
I was sure you love me too
