

Keep My Heart

Paul Baloché

Keep my heart tender before you, lord
Able to hear your voice and follow
Keep my heart yearning to know you more
Eager to hear your word and obey
Keep my heart, flowing in your direction lord

Keep my heart, holy light, so innocent and undefiled
King of love, lord most high, so beautiful and bright

Morning star, keep my heart

Keep my heart, holy light, so innocent and undefiled
King of love, lord most high, so beautiful and bright
Morning star, keep my heart

Keep my heart
