

Give It Away

Paul Brandt

Ready or not Take your best shot
cause here life comes You use what you got
and you've got it all when you've got love
But we had it and we store it up
and there never seems to be enough

This world is spinning so fast
Ain't no slowing it down now
And there ain't a lot that lasts
But I think I've found a way to make love stay
You've got to give it away
Give it away

Talk about time And it's flown away before your done
And money is fine but one day it's here the next day
gone
So love is looking like a sure bet
Cause the more you give the more you get
This world is spinning so fast
Ain't no slowing it down now
And there ain't a lot that lasts
But I think I've found a way to make love stay

Oh and someday everybody dies
But not everybody really lives
And when it's my turn to say goodbye
I don't want nothing left to give
This world is spinning so fast
Ain't no slowing it down now
And there ain't a lot that lasts
But I think I've found it

This world is spinning so fast
Ain't no slowing it down now
And there ain't a lot that lasts
But I think I've found a way to make love stay
You've got to give it away
You've got to give it away
You've got to give it away
You've got to give it away
