## **Rich Man**

**Paul Brandt** 

I look in the mirror I Don't see much Fashion sense a little out of touch The house is run down as the bills pile up But I'm rich man Breakfast table Morning rush Sometimes it seems we barely have enough But if it's true that all you need is love Then I'm a rich man When she smiles Or they call me daddy All the worries of the world just seem to fade away I'm alive And I know what matters If this is all I ever have well that's ok, Cause I'm a rich man So every morning And brand new day With each and every single breath I take I'm blessed and I'm thankful, yeah I've got it made Oh, I'm so glad life turned out this way When she smiles Or they call me daddy All the worries of the world just seem to fade away I'm alive And I know what matters If this is all I ever have well that's ok, I've loved, I've been loved, show me someone else with as much as me When she smiles Or they call me daddy All the worries of the world just seem to fade away I'm alive And I know what matters, if this is all i ever have well thats okay i'm proud to say i'm a rich man i'm a rich rich man i'm a rich man ohh i'm a rich man i've got it made ohhh i'm alive
