

# The Little Space Between

Paul Brandt

It's now or never  
Don't hesitate  
It ain't true that good things come  
to those who wait

Before forever  
Takes all our time  
We just spend moments  
Till we spend our lives

Get 'er done  
Get to it  
Cause there's only one time through it  
There's only one thing we're all heading for  
It goes 1972 dash then  
You leave your legacy  
In that little space between

Have you forgiven  
Did you forget  
Is it worth keeping  
All those regrets  
And is there someone  
Who gave it all for you  
Don't that make you  
Want to give it your all to?

You spend your money  
You take each breath  
You steal some kisses  
You give and get  
and then it goes
