

# When You Call My Name

Paul Brandt

Give me a moment  
To try and explain it  
And how it has changed  
The man that I am  
Life has a way  
When you try to arrange it  
Of makin a fool  
Of the best laid plans

Guess what I'm tryin to say  
Is you took me by surprise  
One word is all that it takes  
And forever's on my mind  
It happens everytime

I hear the sweetest sound  
My world stops turnin round  
Like I'm on Holy Ground  
When you call my name  
It sets the sky on fire  
Burning with my desire  
Stronger deeper higher  
When you call my name

The way that it moves me  
It's simply amazing  
Yeah somehow it seems  
Much bigger than words  
When you call my name  
Angels start singing  
The most beautiful sound  
That I've ever heard

And it starts all over again  
This feeling deep inside  
A blessed chain of events  
A heaven sent desire  
It happens everytime

I hear the sweetest sound  
My world stops turnin round  
Like I'm on Holy Ground  
When you call my name  
It sets the sky on fire  
Burning with my desire  
Stronger deeper higher  
When you call my name

When you call my name  
Ahhhhhhhhhhhhh  
When you call my name  
Oooooooooohhhh  
It happens everytime

I hear the sweetest sound  
My world stops turnin round  
Like I'm on Holy Ground

When you call my name  
It sets the sky on fire  
Burning with my desire  
Stronger deeper higher  
When you call my name

I hear the sweetest sound  
My world stops turnin round  
Like I'm on Holy Ground  
(call my name)  
When you call my name  
It sets the sky on fire  
Burning with my desire  
Stronger deeper higher  
When you call my name
