

Always Better With You

Paul Carrack

I tried so hard to make alone
I was only wasting time, I should have known
The love of a woman is hard to find, I suppose

I've been looking my life better than most I know
Days and nights we toss and turn and fight
Always one thing leads to another
One man's cloud is another man's cover

It's always better with you
It's always better with you

I gave you my heart, cause you were the only one
Who could ever see that the man in me was the only one
Soon I found I'd been on stony ground
Slowly one thing lead to another
One man's cloud is another man's cover

It's always better with you
It's always better with you

I I I I I tried so hard to make alone
I was only wasting time, I should have knoww
That the love of a woman is hard to find, I suppose

I've been looking my life better than most I know
Days and nights we toss and turn and fight
Always one thing leads to another
One man's cloud is another man's cover

It's always better with you
It's always better with you

Always better with you
Always better with you
Always better with you
Always better with you
