

Happy To See You Again

Paul Carrack

I can't believe it's been so long
How have you been?
We've got so much to catch up on
I'm so happy to see you again.

I've been meaning to call you
I don't know how many times
I've got your number embedded in the back of my mind
I looked you up in the phone book
But you've been moving around
I've been keeping my head to the grid

I can't believe it's been so long
How have you been?
We've got so much to catch up on
I'm so happy to see you again

Are you still on the same number
Or have you changed
I meant to write you a letter
I'm so happy to see you again.

Well I was hoping to see you
Before you went away
I started making a list of all I wanted to say

I meant to send you a letter
But it's the letter my case
Now it's staring me right in the face

Ohhh I can't believe it's been so long
How have you been
We were just talking about you
I'm so happy to see yo again

Are you still on the same number?
Or have you changed
Why don't we all get together
I'm so happy to see you again

Even now and then
I hope it's not too late
I don't know if you care
But I still think we were great

I can't believe it's been so long
How have you been
We've got so much to catch up on
I'm so happy to see you again

Are you still on the same number
Or have you changed
I was just just talking about you
I'm so happy to see you again

Looking good
Looking fine

Happy to see you again
And you still haven't changed
Happy to see you again

Ohh yea, happy to see you
Got your number, you're still there
Back of my mind
