It Ain't Over

Paul Carrack

It's not too late to bring about a change
It's not too late to learn from it all
By your mistakes
Now's time to look at yourself
See just what you are made of

You've got to try and see
One day soon you might fall right back on your feet
And then the devil you know
Is gonna have to let go
And free your soul again

There nowhere to hide babe
Love calls out your name
It ain't a question of pride
I need to hear you say

It ain't over 'til it's over
I will never quit 'til I get to the bottomline
It ain't over (no) 'til it's over
And I don't accept that I'm livin' on borrowed time

You know and I know
Somewhere in your heart is love
Though I ought to know you better
I'm a fool to myself
Before we pay the price
Listen now to my advice
You know the power of love
Is the one thing you need by your side

It ain't over (no) 'til it's over

I can never quit 'til I get to the bottomline
It ain't over (no) 'til it's over
And I still believe that's it's all gonna work out fine

It ain't over (no) 'til it's over
I can never quit 'til I get to the bottomline
It ain't over (no) 'til it's over
And I still believe that's it's all gonna work out fine

It ain't over, oh no, 'til it's over babe
It ain't over baby
Whoo, it ain't over baby 'til it's over now
I won't never quit, no no
No I will never quit 'til it's over baby now
(It ain't over) I'll get to the bottomline
Everything gonna work out fine
Said...
(It ain't over) I ain't gonna stop
Keep on going 'til I drop
It ain't over 'til it's over
Ooh, I'll get to the bottomline
It's gonna have to get up, gonna work out fine
It ain't over 'til it's over
It ain't over

Mama said everybody is play
Gonna keep on pushing 'til it's going my way

Mama said everybody is play
Gonna keep on pushing 'til it's going my way
