Tell me where would I be now Without You Without an angel Watching out for me It took a long, long time For me to realize All my faith in you Was so justified Tell me where would I be now Without you Where would I turn To find the truth i need I could never go back To where i used to be I've got so used to having All the love you give to me Tell me where would I Be without you now

Ever time i stumble or i fall I call you name and you'll be there Or if i should fly too high I know that your love will reach me Anywhere

I could never go back
To where i used to be
I've got so used to having
All the love you give to me
Tell me where would i be now
Without you
Would i be lost, just drifting out to sea
If i could start all over
I wouldn't change a thing
'Cause i know you'll always
Be there through thick and thin
Tell me where would i
Be without you
