

# Keep Our Love Alive

Paul Davis

You're the sunlight that opened my eyes  
When the world was tumbling down  
You're the river that gave me a drink  
When a drop of water couldn't be found

You give me what I want when I want it  
And all I'll ever want is you, ooh, ooh

I was born to be loved by somebody  
And I know that somebody is you  
I'm gonna love you til the day that I die  
And there ain't nothing that nobody can do

I love the way you  
Make love when you make it  
And I just wanna make it with you

So I just wanna keep our love alive  
(We've got to keep our love alive)  
So I can go on living  
We've got to keep  
(We've got to keep our love alive)  
So don't ever stop  
What you're giving to me

You're like a summer of breeze on my face  
When it looks like there'll be nothing but rain  
You brought the sunshine and now I can say  
There'll never be a cloudy day again

I love the way that you do  
When you do it  
And I just wanna do it to you

Don't let it die  
(We've got to keep our love alive)  
Don't let it die  
(We've got to keep our love alive)  
No, don't let it die  
(We've got to keep it alive)

We've got to keep  
(Keep) our love alive  
So I can go on living  
We've got to keep  
(We've got to keep our love alive)  
So I can go on living

We've got to keep  
(We've got to keep our love alive)  
So don't ever stop  
What you're giving to me

We've got to keep our love alive  
(We've got to keep our love alive)  
So I can go on living  
We've got to keep

(We've got to keep our love alive)  
So don't ever stop  
What you're giving to me
