

Big Fine Girl

Paul Kelly

She's a big fine girl from the country
A big fine girl from the country
She's a rolling queen and she wants me
A rolling queen and she wants me
Well, I'm gonna ride with my big fine girl all night long

We met beneath the tall pines
Met beneath the tall pines
We lay down on the green grass
Lay down on the green grass
Yeah, I'm gonna ride with my rolling queen all night long

I woke up to a knocking
Woke up to a knocking
She stood and darkened my door
Stood and darkened my door
Oh, I'm gonna ride with my big fine girl all night long
