

## Extra Mile

Paul Kelly

Just like the bee comes to the honey  
You're swarming all over me  
Now you got this close, eyes on the treasure  
But it don't come for free  
Can you go the extra mile?

So you want to jump into the ocean  
Baby it's sink or swim  
Can you keep your head up above the water  
When the waves come crashing in?  
Can you go the extra mile?

Can you stand the heat cooking in my kitchen?  
Can you see this whole thing through?  
Can you stand to get your hands all dirty?  
That's what I want from you  
Can you go the extra mile?  
Can you go the extra mile?
