

## Feeling Of Grief

Paul Kelly

Feelings of grief  
Breaking over me  
Wave after wave like the rolling sea  
These feelings of grief

Time without end  
I'm gonna miss you, my friend  
How do you suppose this world will ever mend  
Or this heart play again?

I go about my day  
There's always somebody to pay  
They just won't go away  
Nor will these feelings of grief

Feelings of grief  
Blinding me with tears  
Everything that's dear, piece by piece disappears  
And all that remains are these feelings of grief

All I have, feelings of grief  
Grief
