

# I Close My Eyes And Think Of You

Paul Kelly

When another day has ended  
And everything's been said and done  
And the lights across the valley  
All go out one by one

I close my eyes, I close my eyes and think of you  
I close my heavy eyes and that's all I need to do

Sometimes when I get a moment  
In the middle of the day  
And nothing else needs my attention  
I take my chance and slip away

I close my eyes, I close my eyes and think of you  
I close my heavy eyes and that's all I need to do

I hear the big trucks changing gears  
As they go rolling by my door  
The driver counts his days 'til he gets home  
If I could only count my days  
But I just don't know what's in store  
I've been so long on my own

I know there's a singing river  
I've heard about the golden shore  
But I would pass by all that beauty  
Just to be with you once more

I close my eyes, I close my eyes and think of you  
I close my heavy eyes and that's all I need to do  
I close my weary eyes and that's when I think of you
