

# I Don't Know What I'd Do

Paul Kelly

I don't know what I'd do  
If we were parted  
I don't know what I'd do  
If you were gone  
When I look ahead  
To a life without you  
I wonder if I could carry on

You're such a part of me  
It makes me frightened  
What if you were suddenly  
To disappear?  
Like an amputee  
Feeling for his missing limb  
That's just how I'd be  
Without you near

I don't know what I'd do  
I don't know what I'd do  
You're such a part of me  
I don't know what I'd do

The little things you do  
No-one else does  
The secret things you say  
When we're alone  
Your laughter on the air  
Floating down the hallway  
When some book or some affair  
Tickles your funny bone

I don't know what I'd do  
I don't know what I'd do  
You're such a part of me  
I don't know what I'd do
