

I Still Pray Feat Kasey Chamber

Paul Kelly

Well i still cry, for baby jesus
and i still pray, when im alone
and when im lost he'll come to find me
because he died to save my soul

When i can't walk, he's there to carry
when i speak, he hears my word
when i wake and i have nothing,
he sends me gold, francen sence and balm

Well i still cry for baby jesus
and i still pray when im alone,
and when im lost he'll come to find me,
because he died to save my soul

When i cry my tears of sorrow
when my heart grew on the aid
and when im troubled when im sleeping
he will hold me untill i wake

Well i still cry for baby jesus
and i still pray when im alone,
and when im lost he'll come to find me,
because he died to save my soul

Because he died to to save my soul (3x)
