

## Fine Line

Paul McCartney

There is a fine line, between recklessness and courage  
It's about time, you understood which road to take  
It's a fine line, and your decision makes a difference  
Get it wrong, you'll be making a big mistake

Come on brother, all is forgiven  
We all cried when you were driven away  
Come on brother, everything is better  
Everything is better when you come home and stay

Whatever's more important to you  
You've got to choose what you wanna do  
Whatever's more important to be  
That's the view that you've gotta see

There is a long way, between chaos and creation  
If you don't say, which one of these you're gonna choose  
It's a long way, and if every contradiction  
Seems the same, it's a game that you're bound to lose

Come on brother, all is forgiven  
We all cried when you were driven away  
Come on brother, everything is better  
Everything is better when you come home and stay

Come on back, come on back  
Come on back to me

It's a fine line  
It's a fine line

Whatever's more important to you  
You've got to choose what you wanna do  
Whatever's more important to be  
Well that's the view that you've gotta see

It's a fine line  
It's a fine line  
It's a fine line  
It's a fine line  
It's a fine line  
It's a fine line
