

She Said Yeah

Paul McCartney

Little girl where did you come from?
You fine little thing
You make my heart sing
Come on baby let me buy the wedding ring

Baby you drive me crazy
Got my poor heart hazy
You got my senses reeling
Ooh baby what a feeling
Come on baby let me make love to you

She said yeah
She said yeah
She said yeah yeah yeah
Come on baby I'm gonna make love to you too

I got a feeling
In my soul
You know I love no one above you
Come on baby just let me love you yeah

She said yeah... (2x)

Well you got me crazy
My love you've been saving
You see what I miss I wanna kiss
Come on baby don't treat me like this
