Spinning on an Axis

Paul McCartney

World spinning round To the next revolution Sun going down Gonna rise up again

I watch the sun go down
With some sorrow
And now I know it's gonna come back tomorrow
Ain't no reason
It has to do that
It's the season of the culture bat

Spinning on an axis Spinning on an axis Staring in the face Of time and space Spinning on an axis

World spinning round To the next revolution Sun going down Gonna rise up again

Hear me rising
Rise up and sing, rise up, rise up

Although I`m curious
It isn't a crime
I want to know if I`ll
Find out in time
A lot of people busy doing their thing
Gonna wake up and sing

Spinning on an axis Spinning on an axis We ask the question And the answer's yes Spinning on an axis

I watch the sun go down
With some sorrow
And now I know it`s gonna come back tomorrow
Ain't no reason why
It has to do that
It`s the season of the culture bat

I watch the sun go down
Wonder if it`s gonna come back
Certainly there`s no guarantee
But I got a feeling it will be
Spinning on an axis
Spinning on an axis
Spinning on, Spinning on an axis
Spinning on an axis

World spinning round

To the next revolution Sun going down Gonna rise up again

World spinning round
To the next revolution
Sun going down
Gonna rise up again
Gonna rise up
Gonna rise up
Gonna rise up
Gonna rise up
