

# Tropic Island Hum

Paul McCartney

Welcome to our island,  
Glad you came to call,  
Now you've made yourself at home,  
You're welcome to us all  
We are simple people, why are we this way,  
This is what we always say.

It's the way that we bong on the bongo  
It's the way that be bang on the big base drum,  
It's the way we sing in the song book,  
Plays the tropic island hum  
Hum, hum...

Playin' in the sunshine, lots of sea and sand  
Its jolly nice in paradise  
Lordie ain't life grand  
Everyone was happy joining in the fun,  
Doing like we've always done

It's the way that we shake on the shakers,  
It's the way that we bang on the big base drum,  
It's the way that we bake in the cake off,  
Plays the tropic island hum

It's the way that...

Good, good, good... Feeling good  
Tonights a special night Feeling good,  
Alright, alright, alright, alright  
Anything can happen in the meantime  
Won't you come and celebrate our tropic island hum

It's the way that... (2x)
