

## Vintage Clothes

Paul McCartney

Don't live in the past  
Don't hold on to something that's changing fast  
What we are, is what we are and what we wear  
Is vintage clothes, vintage clothes, vintage clothes

We jump up for joy  
Who cares if we look like a girl or boy  
What we are, is what we are and what we wear  
Is vintage clothes, vintage clothes, vintage clothes

A little more, a little tall  
Check the rack  
What went out, is coming back

Don't live in the past  
Don't hold on to something that's changing fast  
What we are, is what we are and what we wear  
Is vintage clothes, vintage clothes

A little more, a little tall  
Check the rack  
What went out, is coming back
