

Winter Rose/Love Awake

Paul McCartney

All through the summer
I have followed you around,
Bring a rose for the winter that's coming,
Now the snow is on the ground.

Winter rose, winter rose,
Shine your light in the air.
Winter rose, winter rose,
Shine your light ev'rywhere.

Love awake, toll the bell,
Tell the world how glad you are.
Love awake to the day,
When we can make our love awake.

Lord knows we need it any time we can get it.
But we forget it every now and then.
But if you don't feel it, later on you'll regret it.
And if we let it,
We could set it free, you and me.

Love awake, toll the bell,
Tell the world how glad you are.
Love awake to the day,
When we can make our love awake.

Snow falls in the winter,
Spring brings the rain.
But it's never too long before
The summer comes again,
It always comes again.

Love awake.
