

# Feed Your Mind

Paul Oakenfold

You're on fire  
You're burnin bright  
Just how you set the world alight

you feed your mind (woo-woo)  
you feed your mind (woo-woo)  
you feed your mind (woo-woo)

I feel your pain  
I've heard it all  
You know I just forget to call

you feed your mind (woo-woo)  
you feed your mind (woo-woo)  
you feed your mind (woo-woo)

Last call don't mean nothin at all  
hit the after party, hit the after party  
Last call don't mean nothin at all  
hit the after party, hit the after party

you feed your mind (woo-woo)  
you feed your mind (woo-woo)  
you feed your mind (woo-woo)

just feed your mind  
just feed your mind

Last call don't mean nothin at all  
hit the after party, hit the after party  
Last call don't mean nothin at all  
hit the after party, hit the after party

you feed your mind (woo-woo)  
you feed your mind (woo-woo)  
you feed your mind (woo-woo)
