Motion

Paul Oakenfold

He won't come down never He won't come down He won't come down never He won't come down He won't come down He won't come down

When your heart it beats heavy for a drum No you won't come down easy let me run When you long to reach Heaven where the night is young And all the stars above you are in

Motion now, motion now You're feeling so alive Motion now, motion tonight

Motion now, motion now You're feeling so alive Motion now, motion tonight Ooh

In the neon blue city In the twilight fields See the ballroom dance floor On your warehouse heat, anyone can feel it

Motion now, motion now You feel so alive Motion now, motion tonight

Motion now, motion now You feel so alive Motion now, motion tonight Ooh

Motion now, motion now You feel so alive Motion now, motion tonight

Motion now, motion now You feel so alive Motion now, motion tonight Ooh
