

# The Way I Feel

Paul Oakenfold

No, it never crossed my mind  
You might try to hide from me  
You would set the place on fire  
With your long and broken wrecking shriek

Always aiming for the truth  
Sometimes missing just one word  
Something really shaken loose  
Look around to the see the cities burn

It's just the way I'm feelin'  
We're lost without the meanin'  
The love has disappeared without a trace

It's just the way I'm feelin'  
You're gone and now I'm leavin'  
I'm holding back the tears  
Look at my face  
It's just the way I'm feelin'

You were never forced to choose  
I tried to keep you safe from harm  
And now there's nothing left to lose  
You've gone and torn my world apart  
All that's left for me is you  
I'm a shadow of my former self

It's just the way I'm feelin'  
But lost without the meanin'  
Love has disappeared without a trace

It's just the way I'm feelin'  
You're gone and now I'm leavin'  
I'm holding back the tears  
Look at my face

It's just the way I'm feelin'  
We're lost without the meanin'  
Love has disappeared without a trace

It's just the way I'm feelin'  
You're gone and now I'm leavin'  
I'm holding back the tears  
Look at my face  
It's just the way I'm feelin'
