

Till The Answer Comes

Paul Overstreet

Till the answer comes gotta keep praying
Keep praying, keep praying
Till the answer comes gotta keep praying
Keep praying till the answer comes.

If you knock one time and there's no answer
Well, don't walk away from the door
You've got to knock again until you've been led in
Sometimes it only takes once more.

Till the answer comes gotta keep praying
Keep praying, keep praying
Till the answer comes gotta keep praying
Keep praying till the answer comes.

Sometimes you might be on your knees for hours
Before the light finally comes breaking through the dark
But if you truly believe then his power can breathe
Life into any troubled heart.

Till the answer comes gotta keep praying
Keep praying till the answer comes.

If you knock one time and there's no answer
Well, don't walk away from the door
You've got to knock again until you've been led in
Sometimes it only takes once more.

Till the answer comes gotta keep praying
Keep praying till the answer comes.

Till the answer comes gotta keep praying
Keep praying till the answer comes.

Keep praying till the answer comes.
Keep praying till the answer comes...
