

## Him Or Me - What's It Gonna Be?

Paul Revere & The Raiders

Now have you got yourself a brand new baby  
Don't tell me maybe, is it so? I got to know  
What's it gonna be, him or me?  
Him or me, him or me, him or me?  
I can still recall when you told me I was all  
Everything you looked for in a man  
But I know that it's not true, I've seen the way he looks at you  
And I think you're gonna hang me up again  
Now have you got yourself a brand new baby  
Don't tell me maybe, is it so? I got to know  
What's it gonna be, him or me?  
Him or me, him or me, him or me?  
So, if you'd be so kind, would you please make up your mind?  
I won't share your lovin' with another man  
And if you see things my way, could you let me know today?  
But if you decide, it's him, I'll change my mind  
So have you got yourself a brand new baby  
Don't tell me maybe, is it so? I got to know  
What's it gonna be, him or me?  
Him or me, him or me, him or me?  
Him or me, him or me, him or me  
What's it gonna be?  
Him or me, him or me, him or me  
What's it gonna be?  
Him or me, him or me, him or me  
What's it gonna be?  
Him or me, him or me, him or me  
What's it gonna be?  
Him or me?
