

I Had A Dream

Paul Revere & The Raiders

I had a dream
I had a dream
Had myself a dream today
The same one
Havin' it most every day now
Since you been gone
Wake up in the mornin' and I find
You're not in my room
You're in my mind
Suddenly the sun has lost its shine
Baby, baby, baby
I had a dream
I had a dream
I had a dream
I had a dream
Had myself a dream tonight
The same one
Havin' it most every day now
Since you been gone
All alone upon a mountain high
Lookin' at your pictures in the sky
Turned around and looked into your eyes
Baby, baby, baby
I had a dream
I had a dream
