

# Soul Of Love

Paul Rodgers

I can't give you what I don't have  
But I can give you all I got  
I don't have much, but I got love  
And love I got a lot

Yes, it's a feeling deep inside  
Something I long to share  
Love is a joy I just can't hide  
When I see you standing there

The soul of love  
Is dancing in my heart  
'Cause I see the soul of love  
Dancing in your eyes

I know that you've been hurt - I've been hurt too  
We both know what love can do  
Love can move mountains so they say  
Yes it'll move me too

Way down deep in my darkest hour  
You were there for me, my wild midnight flower

I know you've been hurt 'cause I've been hurt too  
We both got a lotta pride  
Oh but every moment seems brand new  
Now that your love is by my side

Way down deep, in my darkest hour  
You were there for me, my wild midnight flower  
Yes I know...

The soul of love  
The soul of love is dancing in my heart  
Because the soul of love is dancing in your eyes  
(All right boys)  
I know the soul of love, baby yeah
