

## If You Want My Love

Paul van Dyk

Like diamond ring  
she's waiting for black diamonds from far away  
cold rain is just falling my spot  
I don't want it to hurt no more

Cold rain is just falling my spot  
I don't want it to hurt no more  
have patience my Violeta  
'cause I don't mind as waiting here so

Put on your dancing shoes  
put on your gratitude  
if you want my love  
if you want my love  
if you want my love  
if you want my love

Put on your dancing shoes  
put on your gratitude  
if you want my love  
if you want my love

like ever' embraces why..doors  
put on your attitude  
put on your attitude  
put on your attitude  
take off your dancing shoes  
if you want my love  
if you want my love  
if you want my love  
if you want my love

Put on your dancing shoes  
put on your gratitude  
if you want my love  
if you want my love  
(if you want my love)
