

Only In A Dream

Paul van Dyk

Time moves on
People come and go
I remember

Hearts on fire
I will lead us both
to surrender

I hated waking up
'Cause its only in a dream
it began
I've fallen head first
but its only in a dream
never was

Only in a dream

I hated waking up
'Cause its only in a dream
never was

Hand on high
Look me in the soul
answer never
Forbidden
no one needs to know
it's ours to treasure

I hated waking up
'Cause its only in a dream
it began
I've fallen head first
but its only in a dream
never was

Only in a dream

I hated waking up
'Cause its only in a dream
never was
