

## Paperchase

Paul Weller

Paper chase - paper chase  
You can't see the light that's in your face  
Paper chase - paper chase  
You dressed in the cloak that you have made  
What y'say?

Paper planes - paper planes  
Flying too close to the solar flames  
Paper chains - paper chains  
Was earth not enough for you?  
- no the earth wouldn't do

Beaming like a cat that has strayed too far  
Showing off your tail in an old back yard  
Moving slinky - slide in your fruitless search  
Tentatively out in space - paper chase

Paper chase - paper chase  
You can't see the love that's taking place  
Paper chase - paper chase  
You can't hear the words at all -  
While you're in your free fall

Sneaking in the night like a low down dog  
Barking at the moon that has given you up  
Merging into black 'til you can't be seen  
Moving at a different pace  
Paper chase
