Shadow of the Sun

Paul Weller

Do you still feel the same way about it Like you always said you would Or has time re-written everything Like you never dreamt it could Remember when we wanted to fly forever On a magic carpet ride Well forever seems a long time Cutting us down in size No matter how hard we try -

And I could see all I had done Just chasing dreams across the fields In the shadow of the sun

I plan to have it all while I'm still young And chase the fields across my dreams
In the shadow of the sun
In the shadow of the sun

Once upon a time I might have told you But now nothing seems that plain However much we're changing There are some things the same And those same things still say

And I could see all I had done
Just chasing dreams across the fields
In the shadow of the sun

I plan to have it all while I'm still young And chase the fields across my dreams
In the shadow of the sun
In the shadow of the sun
