

# Sunflower

Paul Weller

All I gotta do is think of you  
All I gotta do is think of you

I don't care how long this lasts  
We have no future, we have no past  
I write this now while I'm in control  
I'll choose the words and how the melody goes

Along winding streets we walked hand in hand  
And how I long for that sharp wind to take my breath away again  
I'd run my fingers through your hair  
Hair like a wheat field, I'd run through, that I'd run through

And I miss you so, and I miss you so  
Now you're gone, I feel so alone  
Oh I miss you so

I'd send you a flower, a sunflower bright  
'Cause you cloud my days messing up my nights  
And all the way up to the top of your head  
Sun shower kisses, I felt we had

And I miss you so, oh baby I miss you so  
Now you're gone, I feel so low, oh I miss you so, I do

But I miss you so, oh darling I miss you so  
Now you're gone, I feel so low, low, oh I said, ?I miss you so?

All I gotta do is think of you, oh and I miss you so  
Baby I'm, I'm afraid to say why, oh that I miss you so  
Baby I'm, I'm afraid to say why, oh I miss you so
