## **Who Brings Joy**

## **Paul Weller**

You who brings joy Into my world Makes me swirl Of such love

And all you ask
In return
Is to be loved
And love you I must

Compelled by God
To invisible force

I just want so much To be here for you You, my darling who Brings so much joy

Every laugh has an echo
Every movement a feat
I humble in your complexion
So perfect, so complete

You who brings joy Into the world

In your eyes lie a heaven In your voice sweet caress It is you who takes over Whose gentle arms I rest

You who brings joy Into the world Makes me swirl Of such love Such love
