

Down Love

Paul Westerberg

I'd love to turn you way, way down
I've got to turn you way, way down
If I could only find your volume
If I could only find your volume knob

You're always up to no damn good
Up to my neck in Hollywood
I'd love to turn you way, way on
Only find your volume knob

Keep it down, down, down, love, down
Keep it down, love, I hear ya
Keep it down, love, down, down, love
Keep it down, love, I hear ya

Beat me on the top

You keep it down, love, down, down, down
Keep it down, love, I hear ya
Keep it down, love, down, down, love
Keep it down, love, I hear ya

When it's free, free, if I left
Don't ask me, love is deaf
Love is deaf, love is deaf

If I could only find your volume knob
Love to turn you, turn you back down

Keep it down, love, down, down, love
Keep it down, love, I hear ya
Keep it down, love, down, down, love
Keep it down, love, I hear ya

Keep it down, love, down, down, love
Keep it down, love, I hear ya
Keep it down, love, down, down, love
Keep it down, love, I hear ya

Keep it down, love, down, down, love
Keep it down, love, I hear ya
Keep it down, love, down, down, love
Keep it down, love, I hear ya
Keep it down, love, down, down, love
